JUEMUN Mission Statement

Young people yearn to be connected with their peers throughout the world in ways that enhance the quality of their lives. We are all aware that our lives are shared, but not always in ways that are just. As awareness of the issues that connect and enrich, divide and threaten our world grows ever more sophisticated, we need JUEMUN to allow university students to shine the light of their natural compassion, and to apply their common sense on old and absurd problems.

Today's revolution in our means of communication can spur change for good by enhancing the role of the individual in building a consensus for peace and justice. At the same time, the interconnectedness of our world may amplify the dangers of miscommunication and the impact of maliciousness. It is characterized by a potential to push the peoples of the world apart, and a counterbalancing growing sense that we are all a part of a Global Community. JUEMUN is committed to nurturing a sense of truly global citizenship.

JUEMUN is an important member of the numerous and diverse communities that have come together to try to make the world a just place. JUEMUN and other international youth conferences play considerable, often underestimated roles, in encouraging students to find ways they can usefully contribute to the global community. Friendships formed among conference colleagues, destined to last a lifetime, will serve the interests of peace.

The agenda of JUEMUN 2023 relates to the activities of the United Nations Children's Fund (UNICEF) and their actions to achieve the Rights of all Children. This includes topics such as education, healthcare and protection, which will be dealt with in each Meeting respectively. The Organizing Committee that this is a topic which demands urgent attention, and student learning on these issues provides a unique opportunity to better understand how international organizations work towards the realization of a more just and equitable world.

Mayor's Welcome Message

Dear JUEMUN 2023 participants and faculty,

It is my great pleasure to welcome you to Kobe.

In today's unpredictable political climate in the world, studying global issues and exchanging views with people who have different backgrounds is a valuable experience to young people. Therefore, I highly appreciate JUEMUN as an ideal opportunity for young people to deepen their perception of global issues.

I have heard that the theme of JUEMUN 2023 is "Realizing the Rights of all Children and Adolescents".

Three years have passed since the emergence of Covid-19, and now people are returning to normal life. We, the City of Kobe, are doing our best to protect the citizen's lives and standard of living along with reviving the economy of Kobe.

The City of Kobe is now promoting to develop and carry out wide-range of measures for citizens especially with the nationwide issue of "Child Care Support". This has something in common with JUEMUN 2023's main theme.

Therefore, I believe it is the right time and place for holding JUEMUN 2023 here at Kobe, and it will be a meaningful opportunity for all of you to exchange ideas on matters of Children and Adolescents.

I sincerely hope that the experience and knowledge you are going to gain through the event will be useful toward your future endeavors.

Lastly, I cordially wish you all the success for JUEMUN and have a fruitful time in Kobe!

Kizo Hisamoto

Mayor of Kobe

President's Welcome Message

It is my great honor to host the Japan University English Model United Nations Conference 2023 at Kobe City University of Foreign Studies. I sincerely welcome all the participants.

As you all know, the past few years have seen a commotion of major events that have shaken the world. The COVID-19 pandemic has taken away real opportunities for people to interact with each other, and ongoing international conflicts, such as the war in Ukraine, have created great divisions among the peoples of the world. In addition, artificial intelligence technology, which has been spreading at an alarming rate in recent years, is forcing people around the world

to ask fundamental questions about the nature of human existence. It would not be an exaggeration to say that the world today is undergoing a period of great change.

In such a time of change, we need to hold active discussions among various people around the world about the future of society and find solutions on the ideal form of society. On the other hand, the people who make up the world live in societies with extremely diverse values due to differences in their cultural and social backgrounds. Therefore, in order to find a solution to an ideal society, the first step is to understand the way of thinking of people who have different values from our own, and to actually engage in dialogue with them.

Model United Nations activities are an educational activity in which students are encouraged to take on the role of a representative of a country different from their own, discuss actual global issues with representatives of other countries, and seek solutions to these issues. I believe that this activity is very beneficial for students to cultivate the ability to understand diverse ways of thinking and actual communication skills, which are important in this time of change.

I understand that this year's Japan University English Model United Nations Conference will address the difficult issue of how to guarantee the rights of future generations of world leaders under the theme of "Realizing the Rights of all Children and Adolescents" who are the future of the world. I sincerely hope that through discussions in various forums at the conference, all participants will realize a dramatic improvement in the abilities they need to cultivate in this era of change!

Satoru Tanaka

President, Kobe City University of Foreign Studies

Secretary General's Message

It is our absolute pleasure and privilege to host the Japan University English Model United Nations Conference of 2023 and to welcome you all to Kobe City University of Foreign Studies (KCUFS). I am Saemi Takahashi, a 4th year undergraduate student in the Department of International Relations at KCUFS. As serving the Secretary General, I am truly honored to welcome all of the participants to the United Nations Children's Fund to achieve "Realizing the Rights of All Children and Adolescents" who carry the future of the world. Under this topic, we hope it will be a great opportunity to empower and encourage each other to tackle the pressing issues facing youth around the world. We are looking forward to seeing the conference full of the power and energy of the young generation and having another wonderful new chapter in Kobe.

Saemi Takahashi - Secretary General
Kobe City University of Foreign Studies

Assistant Secretary General's Message

Lorena Sugiyama - Assistant Secretary General
Kobe City University of Foreign Studies

Welcome to Japan University English Model United Nations 2023! I am Lorena Sugiyama, a 4th year student in the Department of International Relations. It is our great pleasure and privilege to host the Japan University English Model United Nations Conference of 2023 and to welcome you all to Kobe City University of Foreign Studies. Our conference theme is "Realizing the Rights of All Children and Adolescents" by UNICEF. We hope that this JUEMUN conference provides you with valuable experiences, and a wonderful opportunity to encourage each other to work together to make the world a better place. Once again, welcome everyone to our conference!

Kobe City University of Foreign Studies

Kobe City University of Foreign Studies (KCUFS) cultivates the "global citizen" who can participate in various disciplines, including business, diplomacy, and education by utilizing the advanced foreign languages skills which are needed to effectively function in a modern, international society. Additionally, our students are educated with the skills and knowledge to make capable, competent, and flexible decisions. Founded in 1946, KCUFS offers undergraduate, graduate and doctoral degrees divided between the departments of English, Chinese, Russian, Spanish and International Relations. The undergraduate programs are

split between specializations in Languages and Literature, International Politics, Economics and Business, Multicultural Society, and Liberal Arts. KCUFS is the only public university of foreign studies in Japan and has a current enrollment of over 2,000. KCUFS is the only municipal level university in Japan to offer government endorsed Japanese as a Second Language Program to international exchange students. KCUFS has teacher and accredited student exchange programs. On average 300 students study abroad every year, of which 120 are accepted into accredited programs at leading educational organizations worldwide.

KCUFS Access

MUN and JUEMUN

What is a Model United Nations (MUN) Conference?

MUN is an academic simulation of the United Nations that includes debate, public speaking and international affairs. At a Model United Nations Conference, participants, who are referred to as **delegates**, are given the opportunity to represent different countries on different committees.

Delegates participate in discussions on issues ranging from peace and security, to economic and social development, to human rights, to environmental protection. Through these exchanges, delegates are able to develop and refine skills such as collaboration, decision-making, critical thinking and verbal communication.

During a MUN, delegates work together to create practical and innovative solutions to the issue they are discussing. These solutions are then incorporated into a plan called a working paper and then introduced to all delegates in the form of a Draft Resolution. The Draft Resolutions are then amended and voted on in hopes of passing and becoming a Resolution. While most MUN conferences only last a few days, delegates often leave more interested in international affairs, and become more aware, more educated and more thoughtful global citizens of the future.

What is Japan University English Model United Nations (JUEMUN)?

Japan University English Model United Nations, commonly referred to as *JUEMUN*, is an annual faculty-organized and student-run conference held in the Kansai region of Japan. Since its inception in 2010, JUEMUN has grown into Japan's premier English MUN experience for university students. JUEMUN participants come from places near and far, bringing an amazing array of backgrounds and perspectives, resulting in an exciting, engaging, and unforgettable simulation. Our 2023 conference will bring over 180 student delegates, 12 chairs, 35 volunteers and more faculty advisors, observers and local leaders from 12 universities.

JUEMUN was founded by Professor Craig Smith at Kyoto University of Foreign Studies (KUFS) and Professor Lori Zenuk-Nishide at Kobe City University of Foreign Studies (KCFUS) with the leadership and support of Professor Donna Tatsuki at KCUFS, who have combined their MUN experience of over 60 years to offer a unique and innovative learning opportunity for university students. The annual JUEMUN conference is hosted on a rotating basis between KUFS, KCUFS, and Notre Dame Seishin University.

Each JUEMUN agenda is chosen after careful deliberation by the organizing committee. These chosen agendas are always issues of great importance to the world that need to be addressed with comprehensive and innovative solutions. At each JUEMUN conference, participants experience cooperative hands-on learning, allowing them to confront an issue in English from the perspective of their assigned country.

Through these experiences in the conference committee sessions, participants develop an appreciation of differing viewpoints, the frustration of negotiation, the rewards of cooperation, and a broader view of the human side of international relations and diplomacy. The dedicated conference support and guidance from JUEMUN faculty advisors as well as the knowledge and experience shared by invited speakers truly make each JUEMUN conference a professional and educational experience of the highest quality.

JUEMUN 2023 Opening Ceremony Keynote Speaker

Dr. Osamu Kunii, Director of the Global Health Innovative Technology Fund

Dr. Osamu Kunii, MD, Ph.D., MPH, is currently serving as CEO and Executive Director of the Global Health Innovative Technology Fund (GHIT), which promotes R&D of therapeutics, diagnostics and vaccines against infectious diseases such as neglected tropical diseases, tuberculosis and malaria. In the past 30 years he has been engaged in global health, especially infectious diseases control, humanitarian emergencies, and maternal and child health, through the Global Fund, UNICEF, academia, the Japanese Ministry of Foreign Affairs and other institutions. He has lived and worked in various countries in 6 continents, such as Brazil, India, Myanmar, Somalia and Switzerland, and love various activities such as Yoga, meditation, Karaoke, diving and mountaineering.

JUEMUN 2023 Logistics & Technical Information

Baggage

Baggage storage will be available on Friday in the Main Hall. A Baggage Check desk will be available next to the registration area, and bags will be moved by volunteers to the Cloak Room in the afternoon. Baggage storage will be available on Sunday in the Academic Building in the Cloak Room (202).

WiFi

Delegates will be able to access the university's WiFi network via an eduroam guest account which will be provided in your Welcome Bag. After registering Friday morning, please check your Welcome Bag for a paper with login information.

Food and Drinks

Food and drinks are permitted in the Session rooms. We recommend all participants to **bring their own water bottle** which can be refilled on the 1st floor of the conference building. As well, there are vending machines which will be available throughout the conference as well as an on campus store which will be open on Friday from 9:30 am to 6:30 pm. Finally, there is a Family Mart located across from campus that is accessible via a 5-minute walk.

Conference Participation includes three (Friday, Saturday, Sunday) lunch bento boxes which will be distributed by the JUEMUN volunteers. Additional snacks will be made available throughout the conference for delegates.

Dress Code

JUEMUN is a formal event, so **all participants are asked to remain in formal wear (suits) for the duration of the conference**. While delegates are permitted to remove their jackets during Informal Sessions, all delegates should wear their jacket during Formal Sessions. The dress code **includes wearing appropriate footwear**, which should be business/dress shoes. Delegates who do not follow the dress code may not be permitted to participate in the conference, as stated in the Participation Pledge.

Code of Conduct

JUEMUN takes a zero-tolerance approach towards the conduct of participating delegates, and we have strict guidelines on appropriate behavior during the conference. Delegates who **exclude, discriminate against, or harass** other delegates, chairs, volunteers or other conference participants on the basis of **language, nationality, gender identity, race, ethnicity, sexual orientation, ability or other social grouping** will be **immediately removed from the conference**. Repeated instances of violations of the code of conduct by delegates from the same delegation will risk future participation at the conference.

Special Thanks

First and foremost, special thanks are in order to Lori Allyson Zenuk-Nishide, a founding organizing committee member of JUEMUN. Since 2010, Professor Zenuk-Nishide has been instrumental in assisting with all aspects of the conference, from being a faculty advisor to hundreds of students at Kobe City University of Foreign Studies, to being a facilitator for dozens of student leaders who have gone on to careers in the United Nations, foreign service, academia and business at high levels, to being an organizer for the several thousand Japanese university and international students who have participated in the conference over the last 14 years. Her dedication to Model United Nations events in English as a formative educational experience for Japanese students has set the foundations at the national level for students to dedicate themselves to being an active member in the global community.

Further thanks are due to the following people who are instrumental in the organizing and planning process for JUEMUN 2023 at Kobe City University of Foreign Studies.

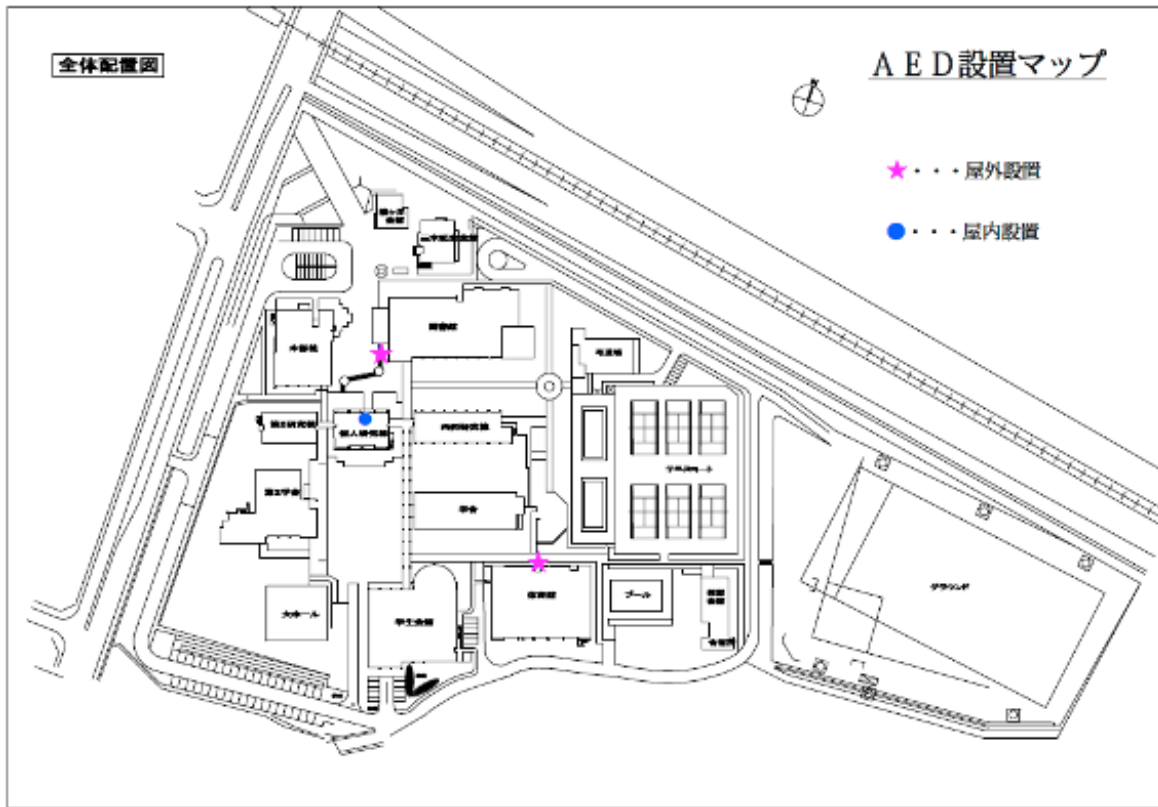

- Yamamoto Keiichi Director General of Secretariat
- Yumi Tsuzuki Vice Director General of Secretariat
- Tadashi Ito Manager, Research Institute
- Rie Sutani Chief, International Affairs Office
- Yuna Tanaka Coordinator, Kobe Global Education Center
- General Affairs Group Public Relations Section
- General Affairs Group Facility Section
- General Affairs Group Information and Media Section
- Student Support and Education Group
